

Applicant	Project Name	Project Type	Funding Requested	Matching Contributions	Award Amount	Project Description
Tahoe Prosperity Center	Fire Detection and Confirmation Camera-Serene lakes	Wildfire Preparedness	\$ 60,030.42	\$ 96,350.00	\$ 60,030.42	This Project includes the purchase and installation of one fire detection and confirmation camera at Soda Springs Ski Resort to serve the Serene Lakes and surrounding Donner summit communities. Serene Lakes Community on Donner Summit represents over 1,100 properties of which approx. 850 have homes/structures.
West End Donner Lake Firewise	West End Donner Lake Community Wildfire Prevention Project	Forest Fuels Reduction	\$ 183,105.00	\$ 38,000.00	\$ 183,105.00	This Project will coordinate fuel reduction activities on adjacent residential areas as a community to protect homes and properties by removing heavy ground fuels and dead and downed trees in West End Donner Lake HOA/POA open spaces. Work will include thinning the forest of small trees, pruning remaining trees and shrubs to achieve adequate horizontal and vertical seperation.
Truckee Donner Land Trust	Northwest End Royal Gorge Fuel Reduction	Forest Fuels Reduction	\$ 560,076.00	\$ 22,500.00	\$ 515,591.95	This project will implement a 130 acre timber harvest and fuel reduction project on the 2,200 acre Royal Gorge Property. This is a high priority area to complete fuels reduction work and will provide a direct benefit to protecting the treasured recreational opportunities, and the communitis within Donner Summit, and the Town of Truckee.
Sugar Bowl Ski Team & Academy	SBSTA Forest Fuels Reduction	Forest Fuels Reduction	\$ 40,000.00	\$ 21,900.00	\$ 40,000.00	This project will reduce hazardous fuel accumulations on 12 acres of densely forested areas adjacent to the Sugar Bowl Ski Team & Academy. SBSTA has secured funding to complete 4 acres of matching contribution work within the defensible space zone. This grant funding will enable an additional 8 acres to be treated, which will improve the overall impact of SBSTA's defensible space work.
Kingvale Property Owners and Water Users, inc.	Kingvale PlaVada Community Wildfire Preparedness	Wildfire Preparedness	\$ 82,285.09	\$ 21,539.99	\$ 82,285.09	This wildfire preparedness project will support the purchase and install of street, address, bridge, and emergency egress signs to improve emergency response and evacuation in the Kingvale and PlaVada communities. Fire resistant tarps will also be purchased and dispersed to community members that receive a TFPD defensible space inspection and make significant progress towards compliance.
Tahoe Donner Association	TDA Forestry Mastication equipment	Forest Fuels Reduction	\$ 118,987.54	\$ 29,746.88	\$ 118,987.54	This project will support the purchase of forestry mastication equipment to enable Tahoe Donner Forestry to complete 705 acres of fuel reduction projects as part of their 5 year forest management plan. Having an association owned masticator would allow the Forestry department to treat land for a fraction of the cost of contracting the work. It will also allow greater flexibility and efficiencies in project planning and execution.
